DETAILED ACTION

1. This action is responsive to communications: original application filed 03/18/2004.
2. Claims 1-26 are currently pending in this application. Claims 1, 17, 22, 23, 24, 25, and 26 are independent claims.

Election/Restrictions

3. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-16, 23, 25, and 26 are drawn toward data processing protection using cryptography, classified in class 713, subclass 189.
 - II. Claims 17-22 and 24 are drawn toward stored data protection, classified in class 713, subclass 193.
4. The inventions are distinct, each from the other because of the following reasons:

Inventions I, I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention (I) has separate utility such as content obtainment units and content type identifications, and (II) has a separate utility such readout units operable to read out and decrypt encrypted content.
5. Because these inventions are distinct from the reasons given above and have acquired a separate status in the art as shown b their different classification, restriction for examination purposes as indicated is proper.

6. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Groups II, and the search required for Group II is not required for Group I.

7. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

8. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the –fee required under 37 CFR 1.17(i).
